Clean Delhi Green Delhi Healthy Delhi

GREEN GOOD DEEDS

Spend evenings with family members in parks, gardens or open areas for good health, close bonding and saving energy.

Don't litter. Carry cloth bags to collect trash/waste during travel time.

When not in use, switch off all electrical and electronic appliances at plug point.

Give preference to walking or cycling for short distance travel.

Plant a tree and nurture it to grow with you.

Use traditional earthen pots for cold water during summer.

Avoid honking while driving in front of school, hospitals or where the 'No Horn' sign is displayed.

Practice rain-water harvesting in your buildings for recharging underground water table

Do not burn leaves / organic waste. Allow them to decompose naturally in to organic manure. Also don't burn rubber and plastic recycle them to minimize air and land pollution

Celebrate green Diwali by lightening earthen diya, distributing sweets and decorating your home with flowers and tree leaves

Promote the use of natural light for day-to-day tasks.

Play holi with natural herbal colours and plant derivatives only.
